INSTALLATION GUIDE

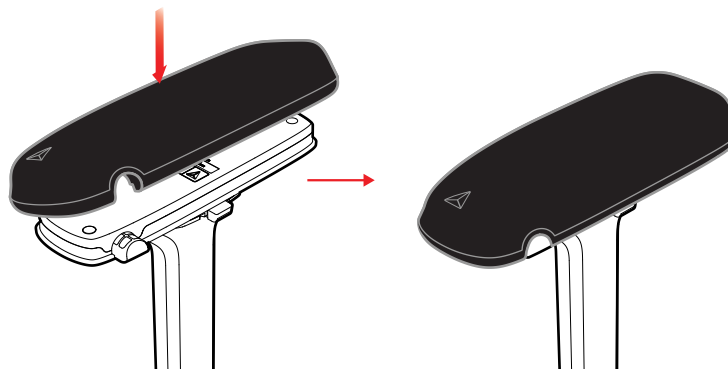

01. Detaching the armrest tops

To detach the armrest top, grip the armrest top in the middle and gently lift the inner edge of the armrest at an angle. The armrest top should then pop out.

Note:

Only for CloudSwap™ Compatible Armrest Tops.

02. Installing the Memory Foam Armrest Tops

Grip the middle section of the new armrest top and set the outer edge down at an angle. Next, gently lower the inner edge of the armrest top. The armrest top should snap in place over the armrest mechanism.

Note:

Only for CloudSwap™ Compatible Armrest Tops.

AFTERCARE GUIDE

**Do not use your armrests outside of its intended usage**

Improper use can damage your armrest or even cause injuries. To ensure your safety, please always follow the given instructions.

**General Cleaning**

Like all fabrics, velour may become dirty over time. For general cleaning, dust the velour surface gently with a clean, dry cloth. Do not rub the velour harshly to avoid damaging it.

**Avoid contact with all liquids**

Velour is not water-resistant. Spills should be immediately blotted up with a dry cloth or paper towel. Do not rub the fabric, as this may cause the stain to set.

**Do not use abrasive scrubbers or harsh cleaners**

Avoid the use of alcohol-based cleaners, abrasive cleaners as they can damage the velour fabric on the armrest top.

**Do not abuse it**

Even the toughest of armrests will not be able to stand up to rough and inappropriate use. Keep your armrests away from heavy objects, impacts, drops and sharp objects.

**Avoid heat**

Avoid the use of a hair dryer or any other heat source to dry the product. Always leave to air dry.
